About WeTeach_CS

WeTeach_CS educates, empowers, and inspires K-12 CS teachers, administrators, professional development providers, and university instructors to realize the vision of computer science for all students. The Expanding Pathways in Computing (EPIC) group at The University of Texas at Austin's Texas Advanced Computing Center (TACC) serves as the backbone organization for the **WeTeach_CS** collective impact network which serves hundreds of districts, schools, and educators in Texas, across the nation and around the world. **WeTeach_CS** is dedicated to broadening participation in computing for every student regardless of race, gender, income, or location and leverages the TACC's internationally recognized computing expertise to guide strategic improvement in computing education at a state and national level.

Terms of Use

The **WeTeach_CS** curriculum packages provide subscribing teachers and their students with E-Book style resources suitable for corresponding high school level computer science courses (e.g., Computer Science 1, AP Computer Science A).

1. **Terms of Use** apply to curriculum packages available through **WeTeach_CS** including:
 - **WeTeach_CS For HS**
 - **WeTeach_AP®CSA**
2. Each curriculum is hosted in Canvas by the University of Texas at Austin.
3. Curriculum subscriptions are available on a per teacher basis and verified through a secure login using an individual UT EID and password. Subscriptions may not be shared between teachers.
4. Teacher access requires signed approval from an authorized school or district representative, indicating they have read and understood the **Terms of Use** and **Student Data Privacy Policy**. See below.
5. Use of any WeTeach_CS curriculum package is restricted to subscribing teachers and their students only during the current subscription year and ceases at the designated ending date.
6. WeTeach_CS Student Accounts are student versions of each course, much like a student textbook, providing access to all “read or view only” learning resources, and are available (but not required) as an option for each subscriber. The cost for each student to use a WeTeach_CS Student Account is \$5 per year, payable up front through the UTakelt online registration system.
7. All resources included in any WeTeach_CS curriculum package are copyrighted and owned by the University of Texas at Austin and are solely for the use of the subscribers during the subscription period. No links (e.g., E-Lessons, Google forms, videos) or downloadable materials (e.g., PDF files) are to be used outside of this time or shared at any time with any non-subscribers.
8. If subscribers improperly use or provide any unauthorized person with access to any part of WeTeach_CS curriculum packages in breach of the Terms of Use, a subscribers access to the Weach_CS curriculum will be revoked. No right, title or interest in or to the WeTeach_CS resources or any content of WeTeach_CS resources is transferred to you, and all rights not expressly granted are reserved by WeTeach_CS. Any use of the WeTeach_CS resources not expressly permitted by these Terms of Use is a breach of these Terms of Use and may violate copyright, trademark and other laws.
9. The development team at WeTeach_CS reserves the right to make changes as necessary to any curriculum resources at any time, such as correcting any errors, adding value enhancements, updating information, etc. Subscribers will receive notification for any significant changes made.
